The HP ProBook 450 G2 is a subnotebook that is suitable for both home and business use. It has a 12.6-inch screen, high-definition IPS display with a resolution of 1920 x 1080 and a maximum brightness of 300 cd/m2. The screen is touch-enabled and can be used for viewing photos and videos with the provided HP Photo Viewer software. The laptop's keyboard is comfortable and easy to use and the touchpad works well. It also has two USB ports and a media card reader.
