let's define the following gradient:
C:\Users\Owner\gw_install> gradient color_r 0,color_b

gradient "grad_r_b.png" ## Note: You can drag the gradient
into your file in Photoshop, or simply use the File>Save As
dialog box. ## Note: You can see some more tips on the
Adobe forums (here) for some even more advanced gradient
creation. # Create a Glow Glintwerk adds a beautiful glow to
