Q: Prove that is neither an increasing sequence nor a decreasing sequence Let (a_n) be a sequence of real numbers. Suppose that for every real number k , the sequence (a_{n+k}) is either an increasing sequence or a decreasing sequence. Prove that is neither an increasing sequence nor a decreasing sequence. A: Hint: Let $f(x) = \frac{x+a_n}{2}$ for $x \in [a_n, a_{n+1}]$. What is $f(a_{n+k})$? Marshall L. Bartlett House The Marshall L. Bartlett House is a historic house at 915 North Main Street in East Fairlee, Vermont. Built in 1872, it is a distinctive local example of a saltbox, with an unusual design and elaborate interiors. It was listed on the National Register of Historic Places in

1995. Description and history The Marshall L. Bartlett House stands near the east village line of East Fairlee, on the south side of its main north-south road. It is a single-story wood-frame structure with a saltbox profile, with a cross-gable roof and exterior finished in wooden clapboards. Its main facade is 2-1/2 stories in height, and is divided into five bays. The first three bays are set at the front corners, and are framed by simple stone pilasters at the corners. The first bay is a single-story porch, with a plain wooden balustrade and posts. The second bay has a set of doors in the center, and two windows on the second floor
